## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372. This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

2. In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-18, drawn to a water treatment apparatus including a pair of venturi chambers.

Group II, claims 19-22, drawn to a water treatment apparatus including a control turbine.

Group III, claims 23-25, drawn to a control valve assembly including a bypass chamber.

3. The inventions listed as Groups I, II, and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

- The STF of Group I is a pair of venturi chambers providing co-current and countercurrent regeneration.
- The STF of Group II is a control device including a turbine and nozzle.
- The STF of Group III is a control device including a bypass chamber and an inlet valve having the specified first and second seating surfaces.

4. A telephone call was made to J. Hlavka on 9-24-2008 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 1797

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
